Item no. 10	DOUBLING THE FARMER'S INCOME BY 2022

The Hon'ble Union Finance Minister in his Union Budget Speech for 2016-17 had announced doubling of Farmer's income by 2022. Hon'able Prime Minister expressed desire on 28.2.2016 to double the income of farmers by the year 2022, when the country completes 75 years of independence. He unveiled a seven-point strategy to double the income of farmers in six years with measures to step up irrigation, provide better quality seeds and prevent post-harvest losses. He said "In the past, the emphasis has been on agricultural output, rather than on farmers' incomes".

With a good strategy, well-designed programmes, adequate resources and good governance in implementation, this target is achievable."

PM's Seven strategies:

1. Special focus on irrigation with large budgets, with the aim of "per drop, more crop."
2. Provision of quality seeds and nutrients based on soil health of each field.
3. Large investments in warehousing and cold chains to prevent post-harvest crop losses.
4. Promotion of value addition through food processing.
5. Creation of a national farm market, removing distortions and creation of e-platform across 585 stations.
6. Introduction of a new crop insurance scheme to mitigate risks at affordable cost.
7. Promotion of ancillary activities like poultry, beekeeping and fisheries.

Reserve Bank of India, on the captioned subject vide its Circular no. FIDD.CO.LBC.BC.NO.16/02.01.001/2016-17 addressed to Chairman and managing Directors have suggested the measures to achieve the above target. The same are being reiterated here as under :

As you are aware, the Government of India in the Union Budget 2016-17 had announced its resolve to double the income of farmers by 2022. Several steps have been taken towards attaining this objective including setting up of an inter-ministerial committee for preparation of a blue print for the same. This agenda has also been reiterated by the government in several forums and has acquired primacy from the point of view of rural and agricultural development.

2. The strategy to achieve this goal, inter-alia, include,

- Focus on irrigation with large budgets, with the aim of "per drop, more crop"
- Provision of quality seeds and nutrients based on soil health of each field
- Investments in warehousing and cold chains to prevent post-harvest crop losses
- Promotion of value addition through food processing
- Creation of a national farm market, removing distortions and develop infrastructure such as e-platform across 585 stations
- Strengthening of crop insurance scheme to mitigate risks at affordable cost
- Promotion of ancillary activities like poultry, bee-keeping and fisheries.

3. Needless to emphasize that acceleration in income generation is significantly dependent on better capital formation in agriculture. Towards this, banks should revisit their documentation for crop loans, simplify them where required and ensure speedy sanctioning and disbursal of loans within specified time limits.

4. The Lead Bank Scheme through its various forums monitors and reviews the performance of banking developments in the State/district/block with special reference to Annual Credit Plans, Government Sponsored Programs, flow of credit to priority sector, etc. for enhancing the flow of bank finance particularly to the rural areas. The Scheme, which ensures inter-departmental/governmental coordination in financial sector, should therefore be leveraged to further the objective of doubling farmer’s income by 2022. Lead banks are accordingly advised to ensure the following:

a. Work closely with NABARD in preparation of Potential Linked Plans (PLPs) & Annual Credit Plans keeping the above strategy in consideration.
b. Include ‘Doubling of Farmer’s Income by 2022’ as a regular agenda under Lead Bank Scheme in various forums such as SLBC, DCC, DLRC and BLBC.
c. For the purpose of monitoring and reviewing the progress, Lead banks may use the benchmarks as may be provided by NABARD.
d. Map the overall strategy as given in para (2) above to the agriculture/agro-ancillary lending plan of your bank.

But it is observed that Operators are not completely aware about the Latest UIDAI guidelines. A lot of Operators are committing errors and getting suspended from UIDAI for violating UIDAI guidelines. This also results in more grievances. So it is advised to fix a date so that we may arrange 2-3 hour online training session for all the operators under UTLBC Chandigarh.
